English

Systems Engineer with over 5 years of experience in backend development using cutting-edge technologies such as .NET, SQL Server, and Azure cloud. Experienced in diverse areas of technology, including infrastructure design, architecture, pentesting, and DevOps. Held the role of Azure Cloud Architect for over 2 years. Guided teams and oversaw various critical tasks throughout the project lifecycle, from software architecture to requirements management and quality assurance. Demonstrated strong problem-solving skills, adaptability, and a focus on continuous improvement. Skilled in selecting the right tools to implement efficient and scalable technology solutions.

Professional experience

2022-03

Azure Cloud Architect

- 2024-08

Sinapsis, Medellín

As an Azure Cloud Architect, responsible for designing and implementing scalable and resilient cloud architectures using technologies such as .NET, SQL Server, clean architectures, design patterns, and Docker. Led process automation through the implementation of CI/CD pipelines in Azure DevOps, enhancing efficiency and ensuring compliance with cybersecurity standards. Successfully optimized costs by applying FinOps principles. Collaborated closely with the technical team at the IDB, contributing to the successful delivery of projects. Demonstrated leadership, strategic thinking, and a detail-oriented approach.

2019-06

BackEnd Developer

- 2022-03

Sinapsis, Medellín

Experience as a backend developer on projects for the Inter-American Development Bank (IDB) using technologies such as .NET and SQL Server. Responsibilities included the design, development, and maintenance of backend systems and applications, with a focus on efficiency and code quality. Collaborated closely with the development team to ensure smooth integration with the frontend. Demonstrated teamwork, analytical skills, and the ability to work under pressure while delivering high-quality results.

Education

2015-07

Bachelor's Degree in Systems Engineering

- 2019-11

Institución Universitaria de Envigado, Envigado

Certifications

2022-08

Microsoft Certified: Azure Fundamentals

2023-06

Microsoft Certified: Azure Security Compliance

2019-12

CCNA R&S: Introduction to Networks

2019-12

CCNA R&S: Routing and Switching Essentials

2019-12

CCNA R&S: Scaling Networks

2019-12

CCNA R&S: Connecting Networks
